The South Shore Family Resource

Association is following Public Health Measures
to keep everyone safe so we can be together....

Physical distancing between
participants and staff must
always be maintained.

Participants will be asked to wash their
hands or use hand sanitizer before en-
tering the program area/centre.

Masks must be worn by participants into
the centre and until they reach the pro-
gram/visit area. If you do not have a mask
one will be provided for you.

- Children under two are exempt as well as children between ages 2-4 if they will not cooperate and wear a mask for their caregiver.
- Once the family reaches the program area, they may take off their masks if they choose to.
- Program Facilitators are required to wear their mask during the program/appointment.

Participants will be asked to use the washroom
identified for visitors at each centre

Participants will be asked to follow proper
respiratory etiquette by sneezing or cough-
ing into the crux of your elbow or a Kleen-
ex. Hand sanitizer must be used immedi-
ately after each case and after discarding
the Kleenex.

We are a **Registered
Canadian Charity**
